

**Welcome to Lattie Coor School:
Where Panther Pride is Hard to Hide!**

This year, you will notice many exciting changes both outside and in. With special thanks to our voters for passing the Bond Override, Lattie Coor received a much-anticipated make-over this summer. Our beautiful campus received: all new concrete, new exterior paint, new raised garden beds, new trees, grass at entry gate, new water fountains and removal of unnecessary interior gates. Many of our classrooms also received new carpet. We are proud of our new school and know you will be, too!

You will notice many familiar faces if you are returning to Lattie Coor this school year as well as a few new faces. We welcome Ms. Gabrielle Miller as Dean of Students and Ms. Melissa Paez, attendance secretary to our office staff.

As part of our school continuous improvement, we will be focusing on Early Literacy and Reading Comprehension Skills in addition to our school goals for Math and Science as well as our continued commitment to the Kids at Hope Philosophy.

I look forward to an exciting year with you and your children.

Sincerely,

Patricia Scarpa
Rodel Exemplary Principal
Lattie Coor School
